\*From the statewide database used to issue and process mail-in ballots. This number is current as of November 8th, which was the last day that a mail-in ballot could be issued.

\*\* From the statewide database used to issue and process mail-in ballots.

\*\*\* Number reported from the voting system.

\*\*\*\* Ballots left to count is the number of ballots received minus the number of ballots canvassed. When a zero is listed in this column, it means that the local board has finished counting all mail-in and provisional ballots. The difference in the total ballots received and the total ballots canvassed represents mail-in ballots that were canvassed with the provisional ballots, in order to keep private the identity of provisional voters.
